**DETAILED ACTION**

***Preliminary Amendment***

1. Preliminary amendment filed on July 28, 2004 has been entered.

Claims 1-414, 459-490, 492-495, 497-500, 502-533, 535-538, 540-685, 687-713, 715-719, and 721-1092 have been cancelled.

Claims 415-458, 491, 496, 501, 534, 539, 686, 714, and 720 are pending in the application.

***Election/Restriction***

2. This application contains claims directed to the following patentably distinct species of the claimed invention:

**Species I:** (fig 16) is directed to an embodiment disclosed at page 31 lines 18 to page 32 line 8; page 40, lines 1-15 and recited in claims 415 – 458, 491 and 496.

**Species II:** (fig 11) is directed to an embodiment disclosed at page 32 lines 4-8; page 40, lines 1-15 and recited in claims 501, 534 and 539.

**Species III:** (fig 42) is directed to an embodiment disclosed at page 59 line 19 to page 60 line 12 and recited in claims 686, 714 and 720.

The species are independent or distinct because they are directed to different methods for accessing a document and capturing written information from a document. In Species I, the document comprises at least two information fields and comparison is made using **at least one handwriting profile representation**, while in Species II, the document comprises at least two information fields and the comparison is made using **at least two writing profile representations**, while in Species III, the document

comprises **at least one information field** and the comparison is made using at least one writing profile representation.

3. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, there is no generic claim.

4. Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

5. Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
